equal or less than			0.00%			ELISA TEST RESULTS
Less Than			NA		Samples from: na	
					%PVY: na %PVX: na	

Other Diseases: Bacterial Ring Rot, Late Blight

Not known to occur in growers area. No. of years since last found in lot entered for certification on this growers farm, or NONE ON RECORD if free >10 years. Not found this year during normal certification field inspections.

Bacterial Ring Rot		none	X
Late Blight		none	X

Notes:
 *A - To be eligible for recertification lots must pass a post-harvest winter grow-out evaluation at a class of G4 or better and have no more than 2% Mosaic.
 WTE = lots that are winter test exempt (any lot 750 lbs or less that has been virus tested in the field). NA = not applicable
 *1 - (if shown) OSCS has no record for this material prior to year indicated, contact source state/province for more information
 *2 - Material not of Oregon origin (initially) are assumed have originated from tissue culture unless denoted otherwise by state of origin.
 Note: LF = Lane Farms (LF); LN = Leo Nicholes; = ; *1 =

NOTE: This certificate ONLY documents testing and inspection status of a lot and is not to be construed as a document of final certification. Oregon policy requires that all certified seed be accompanied by either an attached a certification tag (blue, yellow, or white) issued by the certification office, or an official "Shipping Certificate" completed by the grower for each load.

The above information is accurate to the best of our knowledge:
